

# One Of America's Strongest Banks Calls Granite City Home.

The recent issues of Indymac Bank and an isolated number of banks across the country have given consumers a reason to question their own bank's strength and fiscal soundness. Right here at home, Guardian Savings Bank is rated as a Bauer 5-Star bank...their highest rating...marking us clearly as one of the strongest banks in America.

We appreciate this recognition because the trust and confidence of our customers is the very foundation of our bank. We've proven, once again, that being bigger doesn't mean being better; and that for your total deposit needs with absolute confidence in our fiscal integrity, Guardian Savings Bank is your bank of choice.

## GUARDIAN SAVINGS BANK
